

## BEHAVIOUR CONTRACT

### Lotus Tutoring

Evidence-based teaching for people with dyslexia and other learning differences.

**PUPIL:** \_\_\_\_\_

- I agree to always try my best during lessons.
- I know that it is Kathy's job to help me with my learning and if she suggests that I do something in a certain way, I will try it to see if this works for me.
- I know that, if Kathy tells me that I haven't got something quite right yet, she is just trying to help me.
- If something is upsetting or distracting me, I will always try to be honest and tell Kathy who will then try to put things right for me.
- I will always try to be respectful with my words and actions before, during and after lessons when I am at Kathy's house.
- I will always try to be respectful of property which is not mine before, during and after lessons when I am at Kathy's house.
- I will try to always remember to bring my folder to lessons.
- *I know that, even if there is no homework, it is very important that I get my folder out at least once during the week and look over what we did during the last lesson. This is to help my memory and will help me to make quicker progress with my learning.*
- *I know that Kathy will always let my Mum / Dad know if she is concerned about anything I have said or done during my lessons so that they can help me to sort out any problems or worries I may have.*

**KATHY:**

- I will always help you to feel safe and comfortable during lessons.
- I agree to always try my best to help you with the things you find difficult during lessons.
- I will always tell you what you are doing well and I will also tell you when you need to try something a different way and work on it some more.
- If something is upsetting or distracting you, I will do my best to help sort out the problem.
- I will always be respectful with my words and actions. I will be patient and will never get cross or raise my voice.
- I will always let whoever picks you up from your lesson know how the session went, especially if I have any concerns. This is to help you with your learning and to help keep you safe, happy and well.
